

QUICK PRESSURE RELIEF VALVE

Model IR-43Q-2W-R

The BERMAD Quick Pressure Relief Valve is a hydraulically operated, diaphragm actuated control valve that relieves excessive line pressure when it rises above the preset maximum. It responds to a rise in system pressure immediately, accurately and with high repeatability, by opening fully and provides smooth drip tight closing.

- [1] BERMAD Model IR-43Q-2W-R protects system from pressure spikes.
- [2] Pressure Reducing Valve Model IR-420-2W-R
- [3] Combination Air Valve Model IR-C30
- [4] Filter Backwash Hydraulic Valve Model IR-350
- [5] Flow Control Hydrometer Model IR-970-M0-R Magnetic Drive

Features & Benefits

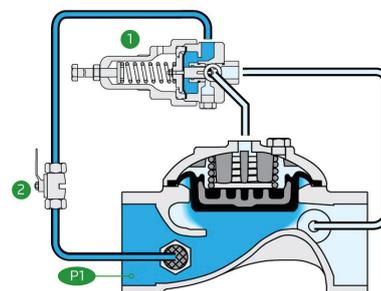

- Hydraulic Pressure Control
 - Line pressure driven
 - Long term drip tight sealing
 - Long term setting stability
 - Wide setting range
 - Tight setting window with minimal hysteresis
- Advanced Hydro-Efficient Globe Design
 - Unobstructed flow path
 - Single moving part
 - High flow capacity
- Fully Supported & Balanced Diaphragm
 - Requires low opening and actuation pressure
 - Progressively restrains valve closing
 - Prevents diaphragm distortion
- User-Friendly Design
 - Easy pressure setting
 - Simple in-line inspection and service

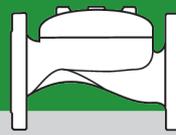

Typical Applications

- System Burst Protection
- Momentary Pressure Peak Elimination
- System Failure Visual Indication
- Filter Burst Protection

Operation:

The Pressure Relief Pilot [1] commands the valve to open immediately should the Upstream Pressure [P1] abruptly rise above setting, and to close smoothly when it falls below setting. The Vented Cock Valve [2] enables manual operating tests.

Technical Data

Pressure Rating:
250 psi

Operating Pressure Range:
7-250 psi

Materials

Body & Cover:
Cast iron (up to 8") Ductile iron (10" & 12")

Diaphragm:
NR, Nylon fabric reinforced

Spring:
Stainless Steel

**Other materials are available on request*

Control Loop Accessories

PS Pilot: PC-3Q-A-MP

Pilot Spring Range:

Spring	Spring Color	Setting range
V	Blue & White	15-150 psi
P	White	15-230 psi

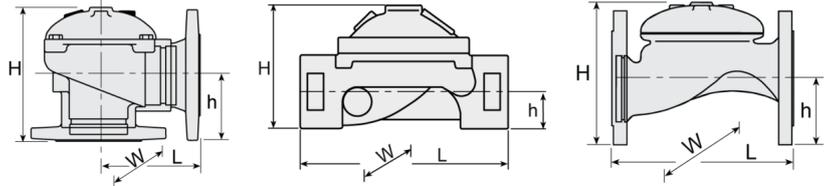

Standard spring - marked in bold

Tubing and Fittings:

Reinforced Nylon and Brass

Technical Specifications

For other end connection types, Please refer to [BERMAD](#) full engineering page.
